Approximately four tons of used clothing and bedding was collected in Newmarket and vicinity, H. J. Luck, chairman of the Newmarket campaign committee, reported this week.

The clothing has been sent to Toronto for shipment overseas. Mr. Luck said he understood that the contributions of Canadians were being sent to those parts of Europe where Canadian troops had been fighting.

"Our contributions of used clothing and bedding, so badly needed overseas, will serve as an additional gesture of goodwill," said Mr. Luck. "They will do much to maintain the friendly ties established by our fighting men earlier."

Mr. Luck said that the success of the campaign was due in no small measure to the co-operation he had received from church groups, women's associations and volunteers. "Workers from the churches took turns in sorting, mending and packing the clothes under the general direction of Mrs. M. B. Seldon. Representatives of the Newmarket branch of the Canadian Legion were also present to help at the depot in the town hall," Mr. Luck said.

## LIONS CLUB DANCE, SING-SONG JULY 17

A street dance and community sing-song is being sponsored in Newmarket July 17 by the Newmarket Lions club. The proceeds will be used for the club welfare work.

James B. Walker and Alex Eves are the song leaders for the community singing.

Mr. Morrison said the club is aiming for a total of \$6,000 to be raised through the year for the club welfare work with the street dance July 17 and a carnival Aug. 21. First on the list of Lions club money-raising activities.

## MRS. E. G. KNOPE WILL BE SPEAKER JULY 18

The regular monthly meeting of the Newmarket Women's Institute will be held at the home of Mrs. F. Hope, Second St., on Thursday, July 18, at 8 p.m. Mrs. E. G. Knope, of the Canadian Cancer Society, will be the guest speaker. A good attendance is requested. Will all the members who wish to go to Mount Albert on Aug. 8, kindly leave their names at this meeting.

## Vets Take 11-4 Victory To Avenge First Defeat

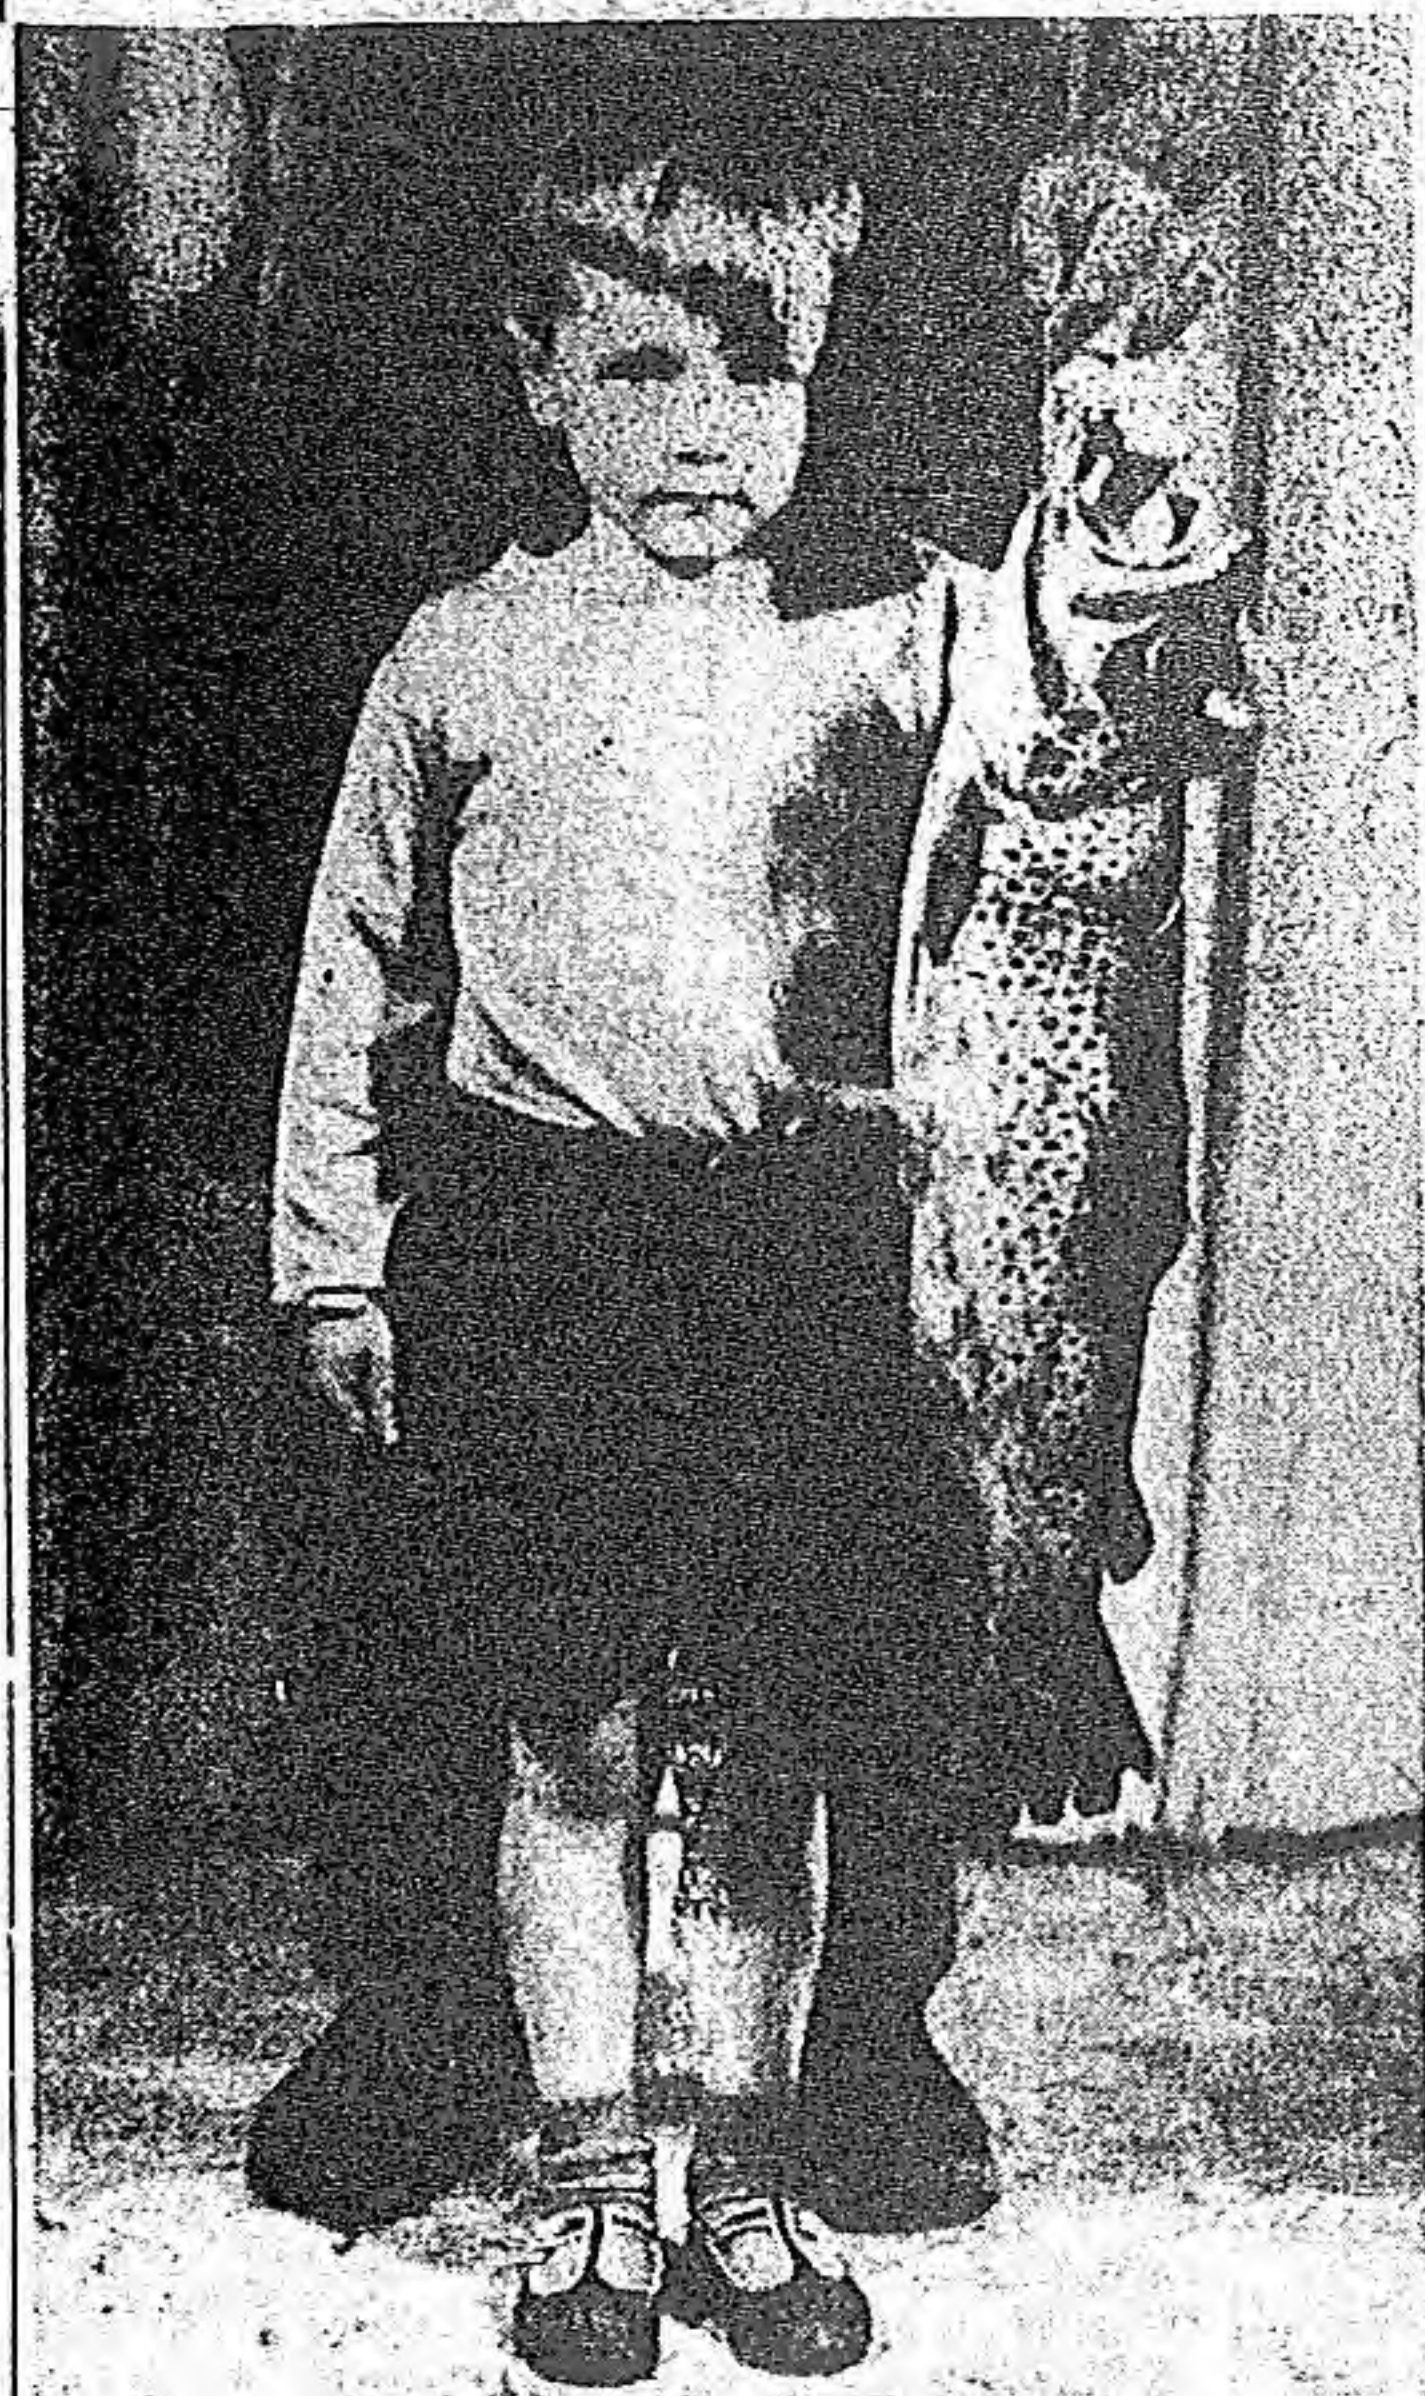

Newmarket Vets gained revenge for the defeat hung over them earlier in the week by Aurora softballers as they won over Aurora, 11-4, last Friday night at Stuart Scott school grounds. Aurora garnered three runs in the first frame, and from there on Bill VanZant was master of the situation, the other Aurora marker coming in the first of the seventh. Down 3-1, Newmarket broke loose in the fourth for five runs, added another in the fifth, and went for four more in the last of the sixth. Newmarket outlived the Aurora boys 10-8 but added most of their runs by bunting walks and errors with their hits. Stan Evans had a four-play wallop in the sixth and along with Scotty Blair and Doug May collected two bingles. Ray White with three hits led the Aurora batters. The Newmarket outfield made fine running catches according to VanZant good support.

## Over 100 Western Helpers Placed On York Farms

This week will see the completion of the movement of farm help from the west to the farms of York county. Two months ago, W. M. Cockburn, agriculture representative for York county, asked the national employment service for 100 western harvesters, nearly double the number placed in York county last year.

Monday, Mr. Cockburn said that the 100-mark had been

## SIX-POUND TROUT CAUGHT AT GLENVILLE

The capture of this speckled beauty in Glenville pond June 30 was a family affair. Mr. and Mrs. Norman Darrach, Raglan St., Newmarket, and their son, Norman, 5, watched the 24-inch fish swim leisurely around the pond for almost two hours before hooking him. Mrs. Darrach held the pole while Mr. Darrach gaffed the fish and brought it in. Norman helped with advice. He is shown here holding the fish with some help from his dad behind him. Photo by Budd.

## Power Off As Truck Downs Transformer, Killing Driver

Electric power was cut off in Newmarket, Aurora and other district centres Tuesday morning when a large transport with trailer, owned by Strathdee Transport of Toronto, crashed into a hydro pole at Oak Ridges south of Aurora bringing a hydro transformer down and setting the truck on fire. The driver, Basil Canning 25, of Toronto, was knocked unconscious by the impact and was unable to escape the flames said to

have been created by the combination of spilled gasoline and electric current.

The accident occurred around 5.15 a.m. as the truck loaded with canned goods and groceries, left the highway as it was proceeding north, skidded along the ditch into the pole and finally struck two large elm trees which remained standing. The young driver was reported secretly married in Barrie three weeks ago to Miss Mildred Strath of Toronto but the report was later denied by Miss Strath. Both of the immediate families reside in Orillia.

Oliver Boyle, who lives opposite the scene of the crash, was first to reach the truck, followed by Sprague Troyer who lives close at hand and Dr. J. Gunn, another neighbor. Within a few minutes, a score of residents and motorists were on hand but despite attempts, were unable to do anything to aid the driver because of the intense heat. A series of gasoline explosions occurred, the flames shooting over the tree tops.

The Aurora Fire Brigade, with a nearly complete complement of men, arrived on the scene 19 minutes after the alarm was sounded, but their work was hampered by the live wires. The power was cut when the hydro crew arrived, sending many district residents to work without their hot breakfast. Power was not restored to the district until around 8.15 a.m. The second Aurora truck was also rushed to the scene.

It was not until nearly two hours after the accident that entrance to the cab of the truck was made and the charred remains of the driver, who was slumped to the right side of the cab, trapped behind the crumpled steering gear, removed. Company officials found it impossible to identify the remains but police investigation leaves no doubt as to the identity of the driver. At 5 p.m. Tuesday, dump trucks were still hauling away the smoking debris from the scene of the accident.

Coroner Dr. C. J. Devins, Aurora, was on the scene of the accident and the body of the driver was removed to P. M. Thompson's Funeral Home, Aurora, being taken to Orillia by relatives on Tuesday evening.

Highway traffic officer William Melbourne of Aurora is in charge of the investigation. No announcement has been made by Dr. Devins whether an inquest will be held.

## Grade School Children Program At Park July 15

The six-week summer recreation program for grade school children will begin in Lions club park Monday at 1.30 p.m. Sponsored by the Newmarket Lions club and under the general direction of Leo Cull, chairman of the boys' and girls' committee of the club, the program will follow the pattern of last summer with group games, sports, play equipment and sand boxes.

As last year, the program is being operated without cost to the parents.

Monday will be registration day and all the children are asked to turn out so that they may be divided into groups. Play clothes should be worn.

It was originally planned to have John Scott, Alexander Muir public school teacher, direct the program but illness of Mr. Scott has forced his withdrawal from the program. Hugh Mair, Audrey Rowland, Glenna West and Don Gibson will be assisting with the program with two others to be announced.

Last year, the program averaged over 150 children each afternoon during its six-week period.

## HELP ROAD WORK

## 20 ENTER IN WINTER WHEAT TEST IN YORK

Twenty contestants are expected in the winter wheat competition sponsored through the 50-bushel wheat club by the York County Crop Improvement association and a milling firm, it was announced by Agricultural Representative W. M. Cockburn, Newmarket. Arrangements are being made to score the contesting fields next week.

Entries will be received at the agricultural office in Newmarket up to July 15. Entry fee is \$1. For next year's competition, the growers will be required to sow registered seed this fall and preparations should be made for the seed now.

This is the second consecutive year that loose smut has taken a heavy toll of destroyed wheat heads which have averaged about 10 percent. This smut commences to develop when the wheat (or barley) is seeded and follows the growing tip till it heads out. The loose particles of smut then blow into the blossoms of the nearby heads and the life cycle is ready to be repeated when seeding time comes. The remedy is to secure seed from a field seeded to hot-water treated seed or from a field you know had a low smut count at time of heading out.

## FRANK DELLAR FAMILY TO RESIDE IN COBourg

After four years of residence in Newmarket, Mr. and Mrs. Frank Dellar and their two daughters, Shirley and June, Prospect Ave., moved to Cobourg Monday morning. Mr. Dellar was the Shell Oil Co. branch manager here and had been promoted to the management of the company branch at Cobourg. Mr. Dellar has been in Cobourg the past six months but was unable to find living quarters for his family until recently.

Mr. and Mrs. Fred L. Hall and family are moving into the house vacated by Mr. and Mrs. Dellar.

## SCOUTS RETURN

Members of the Newmarket Boy Scout troop and Cubs finished their camping period at Camp Ahshungyong, Duclon Point, today. Twenty-six members of the local troop and pack attended the camp during its two-week period. H. J. Luck, chairman of the group committee of the Scouts, reported that the boys seemed to enjoy themselves and that the meals were all of high quality.

## Offer For Camp Said Well Received; Report On Monday

It is understood that a special committee of Mayor Dr. L. W. Dales, Reeve Arthur D. Evans, Deputy Reeve J. L. Spillette, Councillor Frank Bowler and Town Clerk Wesley Brooks met with the War Assets Corporation in Montreal early this week and that an offer for the entire Newmarket military camp was received and its acceptance will be recommended to the government.

Members of the committee have postponed comment on the negotiations until Monday night

when a full report will be given to the Newmarket town council. Last week, it was reported that the price of the whole camp to the town of Newmarket was \$34,000 with a price of \$10,000 for the buildings on the fair grounds and the buildings and property north of Strigley St. only.

While refusing comment until Monday's meeting, it is understood that the members of the committee are pleased with the reception to their proposals.

## Swim Program Underway, Transported By Buses

At 8.20 a.m., 9.20 a.m., and 10.20 a.m., every Tuesday, Wednesday and Thursday morning, a Grey Coach Lines bus leaves the town hall, Newmarket, with a load of children for Lake Wilcox where a half-hour of swimming instruction is given the children under the auspices of the Newmarket Community Recreation Council.

The children are taken on the bus at Newmarket by Ivo Ramm who also rides down to the lake as a supervisor during the 20-minute trip. At the lake, Mr. Ramm supervises the loading of children who have had their swim and are returning to Newmarket. The bus is under charter to the recreation council and has an experienced driver.

At the lake, the children are lined up and marched to the changing lockers. When in their bathing suits, they are divided into small groups of comparable ability and each group is allocated to a swimming instructor. There are four instructors and three helpers. The children are given 20 minutes of swimming instruction and ten minutes of free play under supervision. They are dressed and waiting when the bus returns from Newmarket with another load.

The beach where the children are swimming has a semi-sand bottom and is gently sloping. The swimming enclosure where the children are taught is marked off with buoys.

It is estimated that there are 350 children who can take advantage of this program of free instruction. It is planned to give each child at least one per-

iod of swimming instruction a week. This week, however, there was still some confusion over schedules and some of the children had two swims. By next week, as the children become familiar with their schedules, it is expected that more children will be going down. This week, less than half of the anticipated number took advantage of the program.

Last week, the groups into which the children had been placed were published in The Era and Express. The groups swim as follows: Tuesday, 8.20 bus, group X, 9.20 bus, group A, 10.20 bus, group B; Wednesday, 8.20 bus, group Y, 9.20 bus, group C, 10.20 bus, group D; Thursday, 8.20 bus, group G, 9.20 bus, group E, 10.20 bus, group F.

E. R. Mather, recreation coordinator, has general supervision of the swimming and is assisted in the instruction by Mrs. David Neufeld, Audrey Rowland and Barney Westcott. They have all had a course in swimming instruction under the auspices of the Red Cross.

## Swimming Instruction Sought By Adults

E. R. Mather, recreation coordinator for Newmarket, reported this week that following the inception of the program for swimming instruction for children at Lake Wilcox, he had been approached by adults for instruction with Glenville pond suggested as a likely spot.

Mr. Mather has called a meeting Monday in the council chambers over the firehall at 5.45 p.m. to discuss such a program and urges all interested to meet at that time. "Instruction will be provided if there is a sufficient number interested," said Mr. Mather.

## Hopes For First Place Tie Shattered At Milliken

The hopes of Newmarket junior ball club of moving into a tie for first place in the North York Lions league, junior series, were rudely shattered at Milliken on Tuesday evening when the locals lost a close pitchers' duel by a 5-3 count.

Carl Rouse, hurling for the Milliken crew, silenced the bats of the heavy-hitting canaltown batsmen setting them down with but three hits by "Red" Palmer, Grant Blight and Bill Johnston. Bill Johnston's double in the third with two mates aboard pushed over two runs.

Ivan "Lefty" Gibson pitched good ball for the locals after being in difficulty in the opening innings when Milliken came in with three runs, on as many hits,

and two free passes to first. For Milliken the battery mates of Rouse and Jewett led the hitting attack.

Tonight at the Stuart Scott school grounds the Juniors will play host to the Milliken club in a return engagement. Tommy Dales and Ken Broughton are elected to take the mound to avenge the defeat suffered on Tuesday. A win for the Redmen will put them solidly in second place.

After the junior ball game there will be a meeting in the council chambers over the fire hall to organize a four-team bantam hardball league in town. All interested in the project are asked to attend. Boys 15 and under will be eligible to play.

**AURORA HEALTH NURSE  
 LOCAL RESPONSIBILITY**

Following a campaign of some months, the  
 initial steps have been taken to have a public  
 health nurse in Aurora. The project has had  
 several set-backs and postponements but through  
 the persistence of a group of civic-minded citi-  
 zens, interest has been kept alive and encour-  
 aged until with the recent formation of a  
 citizens' committee, the ground work was com-  
 pleted and steps taken to campaign for funds.

Application has been made to the Victorian  
 Order of Nurses for one of the order to serve as  
 Aurora public health nurse, with the addition of  
 home nursing duties. Her work will include  
 visits to the schools and factories, the super-  
 vision of clinics for children and infants, pre-  
 natal and post-natal care and instruction. Home  
 nursing duties will include visits to homes where  
 there is sickness, part-time care of convalescents  
 and the permanently ill. Charges will be made  
 for home nursing where there is ability to pay,  
 otherwise charges are waived.

The value of a public health nurse has been  
 amply demonstrated in Newmarket, particu-  
 larly in the care of pre-school and school children.  
 Regular examinations of school children has  
 enabled to early discovery of physical ailments  
 with a subsequent better chance for their cor-  
 rection. The pre-school health clinics have  
 enabled mothers to better prepare their children  
 for their first year at school. In these ways, and  
 in a hundred others, the public health nurse has  
 proven herself a necessity to the community.

The cost of the Aurora nurse will be met by  
 contributions from industry, the municipality,  
 private donations, and the contributions of  
 individual citizens. The citizens are being asked  
 to contribute one dollar in return for a member-  
 ship in the local Victorian Order of Nurses  
 committee which provides general supervision of  
 the work of the nurse in Aurora.

Donations have been received from, or prom-  
 ised by the industries, the municipality and  
 some private individuals, but the major share  
 of the cost must be met through the one-dollar  
 contributions of the individual citizens. Since  
 the public health nurse is in the nature of a  
 community project, the benefits of which being  
 shared by all citizens, this arrangement seems  
 only just. However, the fact is that so far, the  
 response from the citizens has not been encour-  
 aging.

It must be emphasized again and again that  
 the responsibility of financing a public health  
 nurse rests mainly with those who will benefit  
 the most, the individual citizens. By acknowl-  
 edging that responsibility through their contri-  
 butions, Aurora citizens will provide evidence of  
 the sound community spirit with which they  
 have been so often credited. One dollar is not  
 much, considering the benefits it will return,  
 but when every citizen contributes that sum, the  
 total spells the difference between failure to  
 improve their community and success.

**IMPROVED RETURNS  
 FOR FARMERS NEEDED**

With war over, and the services demobilized,  
 it was expected that farmers would again have  
 sufficient help. Such is not the case. The lure  
 of higher priced work in the cities continues to  
 draw off the farm population and to retain those  
 who left the farms during the war years.

Farming is a basic industry in Canada. Its  
 good years and its bad years have a strong  
 influence on Canadian economy. As such, it  
 should be given every incentive to maintain a  
 high standard of return for those engaged in it.  
 Government agriculture services are efficient and  
 help the farmer in all aspects of his vocation.  
 Yet the average gross cash farm income at the  
 present time is \$2,000, a marked increase over  
 the thirties when it was \$468 but still quite out  
 of proportion when compared to the wage struc-  
 ture in the cities.

The \$2,000 average includes good farms and  
 bad across Canada. Here is how John Atkins,  
 writing in the Scene from Shinawauk Farm, a  
 monthly journal of opinion, breaks down the  
 gross income of \$4,000 as might be expected from  
 a good farm.

"The investment in the average farm in Can-

ada was \$7,000 in 1940. For the purposes of  
 this rough calculation it is assumed that the  
 average investment in a farm earning a gross  
 cash income of \$4,000 was \$14,000 in 1945.

"What are the business expenses to be deducted?"  
 The following rough estimates are on a minimum  
 basis: labor \$1,200; feed, seed, fertilizer, veteri-  
 nary services, sprays, drugs, etc. \$500; gasoline,  
 oil, implements, car, and power, \$500; fence,  
 harness and miscellaneous maintenance \$100;  
 depreciation on buildings, \$8,000 at 2 percent,  
 \$160; taxes and insurance \$250; interest on  
 \$14,000 at 3 percent, \$420; total \$3,130. This  
 leaves a balance of \$870 net cash income, to  
 which may be added a maximum of \$600 non-  
 cash income from the farm; a total net income  
 of \$1,470 for a highly-skilled farmer, working at  
 least 60 hours per week, and his wife who de-  
 votes at least 30 hours per week to farm pro-  
 duction, or 4,680 hours per year, at approxi-  
 mately 32 cents per hour.

"From this total income of \$1,470, earned at the  
 rate of 32 cents per hour, \$980 for the farmer,  
 full time, and \$490 for his wife's farm work, half  
 time, the farmer and his wife must pay all the  
 living costs of the family, and provide the child-  
 ren with education away from home in many  
 cases. His income tax, from which no deduction  
 may be made for the work of his wife and child-  
 ren, and all of the capital expenditures for new  
 buildings, new equipment, breeding stock, drain-  
 age, and other improvements necessary to main-  
 tain the productivity of his farm, must come out  
 of the combined \$870 net cash income of himself  
 and his wife."

These returns are by no means stable. The  
 most changeable part of nature, the weather,  
 makes farming a heavy business risk despite the  
 excellent meteorological reports now broadcast.  
 The lack of guaranteed market prices for produce  
 at the time of planting is another hazard.

Weather hazards are out of the hands of the  
 government, but price guarantees and market  
 returns are not. If Canadian farming is to  
 flourish to the benefit of the dominion, a com-  
 plete overhaul of the marketing of farm produce  
 is indicated.

**BUDGET FAILS TO  
 PUSH GREATER PRODUCTION**

(The Financial Post)

Of all the budgets framed by Hon. J. L. Ilsley,  
 the one two weeks ago was bound to be the  
 most difficult. Not only did he face certain loss  
 of large sources of revenue, but a drastic change  
 in the attitude of all taxpayers. While the war  
 lasted the average Canadian was willing and  
 eager to make any sacrifice, to contribute on a  
 colossal scale so long as it speeded victory. Now  
 with the war over almost a year the situation is  
 vastly changed and the citizen expects and has a  
 right to expect reflection of that change in gov-  
 ernment outlook.

But beyond a commendable step toward bal-  
 ancing receipts and expenditures Mr. Ilsley's  
 budget is largely negative. There is little or no  
 emphasis on government economy. There is  
 little or no encouragement for labor, manage-  
 ment and capital to work harder and produce  
 more.

There will be general and justifiable dis-  
 appointment over both the smallness and defer-  
 ment of the reductions in taxes. More generous  
 and immediate reductions, especially in the low-  
 er income brackets and in corporation and busi-  
 ness taxes would have lessened the threat of  
 continuing labor troubles, eased the burden on  
 the white collar and retired classes, and given  
 industry an incentive to expand and provide  
 more jobs. Instead, Mr. Ilsley only promises  
 relatively grudging relief, and not until next  
 year.

In tax revision as in reduction Mr. Ilsley has  
 been too timid. He proposed to permit farmers  
 and fishermen to average revenue over three  
 years for income tax purposes. This is a sound  
 move, but the principle might well have been  
 extended to many other industries. There is  
 some attempt to make co-operatives share in the  
 national tax burden, but even Mr. Ilsley seems  
 doubtful of its success.

This small progress however, is completely  
 overshadowed by failure to end the excess  
 profits tax. There were grave doubts about the  
 wisdom of this levy even in wartime. It is  
 absolute folly to continue it now. It encourages  
 waste and extravagance, it hampers vitally need-  
 ed expansion of young, growing and small busi-  
 nesses and it is grossly unfair to those firms,  
 which through no fault of their own, experi-  
 enced abnormally low earnings during the base  
 period of 1936-39.

Certainly not in a generation, let alone in one  
 short year, can Canadians expect any great  
 easing of taxes. We have fought an enormously  
 expensive war and we must pay for it. But to  
 do that it is imperative that we preserve and ex-  
 pand our productive economy and that we re-  
 duce government expenditures drastically.

In both these respects Mr. Ilsley's budget is  
 lamentably weak. There is no concrete promise  
 of government economy. There is too little en-  
 couragement for private enterprise to expand  
 and provide new jobs and new sources of  
 revenue.

This small progress however, is completely  
 overshadowed by failure to end the excess  
 profits tax. There were grave doubts about the  
 wisdom of this levy even in wartime. It is  
 absolute folly to continue it now. It encourages  
 waste and extravagance, it hampers vitally need-  
 ed expansion of young, growing and small busi-  
 nesses and it is grossly unfair to those firms,  
 which through no fault of their own, experi-  
 enced abnormally low earnings during the base

MAGISTRATE'S COURT  
Could Have Been Ill,  
Drunk Charge Dismissed

Magistrate J. E. Pritchard, K.C., suspended sentence on a charge of damaging a cabin owned by George E. Davey at Musselman's Lake, in magistrate's court here on Friday, against a 20-year-old youth.

The magistrate suggested to the youth that he change his companions. The charge was heard last week.

A charge of driving while intoxicated, which was later amended to read having charge of a motor vehicle while intoxicated, against Orval Watt Hopkins, Toronto, was dismissed by Magistrate Pritchard.

Constable Thos. Burke, Sutton, testified that he had found Hopkins parked in the centre of the road on Dalton St. in Sutton in a truck owned by the Air Compressor Co., about 11.30 p.m. on June 28. He said that Hopkins was lying in the car with both legs stretched out the left hand side and his head and body on the seat. He said he worked on him for ten or 15 minutes trying to arouse him, but failed to do so.

W. H. Pugsley, reeve of Sutton, who had been passing by, had also tried to arouse him, Constable Burke stated. He said the keys were in the ignition and that Hopkins took them out and put them in his pocket. He went on to say that they had finally taken him out of the truck and put him into a taxi, and then brought him to the Newmarket police station.

Mr. Pugsley stated that he thought Hopkins was drunk because of his stupid condition, and the fact they couldn't get him to say anything to them.

Lewis Black, Toronto, manager of Compressor Air Equipment, stated Hopkins had been in the employ of the company for about a year and they had had no complaints regarding him. He stated it was hard for the company to get men to work for them because they used gas engines and the carbon monoxide fumes affected them.

Mr. Black continued that Hopkins had gone to Sutton to make windows in a building and had been working near the gasoline engine. He said the day was particularly hot and sultry and the fumes would be likely to affect Hopkins.

Hopkins said he had worked for about six hours that day and had joined a friend of his who was holidaying at Jackson's Point. He said he had had supper and later in the evening had had five glasses of beer. He said he had not been feeling well all day and in addition, as it was hot and sultry, had drunk a lot of water. He said that he had been very sick and had stopped the truck and left the lights on. He stated he had not had time

to pull the truck off to the side of the road.

County Constable Ronald Watt stated that in his opinion, Hopkins was not drunk when they brought him to the Newmarket police station and seemed to have full control of all his faculties. He stated Hopkins had a gash over his left eye and his tooth had been knocked out and that Hopkins said the taxi driver had hit him. Chief Constable James Leeder of Newmarket said in his opinion, Hopkins was not drunk.

In dismissing the charge, Magistrate Pritchard said that the evidence was equally consistent with the man being sick as it was with him being intoxicated and that the accused was entitled to any reasonable doubt. N. L. Mathews, K.C., was the defending lawyer.

Jim Boynton pleaded guilty to a charge of dangerous driving laid by Constable Wm. Hamilton and was fined \$10 and costs and his license was suspended. Constable Hamilton said Boynton had three persons riding on the running board of his car at Lake Wilcox.

Nick Elchyn, Toronto, was fined \$10 and costs or ten days on a charge of dangerous driving and his license was suspended. The charge arose out of an accident in which the car belonging to Ernie Delcin was hit from behind by the truck driven by Elchyn. The accident took place about eight feet west of the bridge near the 6th concession, townline, according to evidence given by Constable Aubrey Fluery, who investigated.

A charge of issuing cheques with the intent to defraud against Mrs. Alice Brier, who is living at Glenwood Beach, was dismissed by the magistrate as restitution had been made. Mrs. Brier stated she would not have issued the cheques, but she thought there was enough money in the bank to cover them.

Max Ewart, Maple, was fined \$10 and costs or ten days on a charge of careless driving laid by Constable Wm. Hamilton and his license was suspended.

Donald G. McMillan was fined \$15 and costs or one month on a charge of illegal possession of beer and the beer was confiscated. Constable Aubrey Fluery laid the charge.

J. H. Millett, Schomberg, was fined \$10 and costs or ten days on a charge of dangerous driving and his license was suspended. The charge was laid by Constable Wm. Langman of Aurora following an accident in which Millett was involved with Norman Makonen, Holland Landing.

## "Contour" Farming Grows In Favour

Progressive farmers are getting excellent results from contour farming. They have found that this reduces soil washing and the flooding of fertile bottom lands; conserves soil, water, seed, fertilizer; and saves tractor power.

Your agricultural college or experimental station offers advice in a programme of contour farming. And this valuable service, which helps you get more from your land, is yours for the asking.

The Bank of Toronto also offers an important service to farmers—the service of money. Now, as during the past 91 years, this Bank's friendly, experienced branch managers are ready to aid responsible farmers with loans and timely financial advice.

IF YOU SOMETIMES FIND  
TELEPHONE SERVICE SLOW...

There's a Reason!

When your telephone call takes longer than you think it should, please remember —

There's a critical shortage of telephone equipment all over the country—in fact, all over the world!

In order that as few applicants as possible may have to wait for service, we are connecting more telephones than our central office equipment was intended to handle. It is heavily overloaded. Our operators are doing their utmost to complete calls with a minimum of delay, but slow service on some calls is inevitable.

Manufacturers of telephone equipment are working night and day to catch up on civilian needs after having had to devote all their output to war purposes. Intricate equipment takes time—both to manufacture and to instal.

We are confident that our subscribers will be indulgent if service is slow on some of their calls when they reflect that the prime reason is that we are trying to serve as many applicants as we possibly can.

We ask your tolerant cooperation until we are able to clean up this difficult equipment shortage situation.

C. E. BLOSDALE

Manager

## "What do you mean... I'm lucky?"

Lucky lad! Getting snagged on the wire in his effort to climb over a Hydro barrier... probably to recover a ball... may have saved his life. Some boys have not been so lucky.

Hydro energy is one of the finest things we have in Ontario to make for better living. But it can stop one from living, if you thoughtlessly give it a chance to flash through your body. Every possible precaution for safety is taken by your Hydro; but once in a while someone gets careless or "takes a chance", and tragedy strikes. A boy climbs a pole and touches a wire. Or he flies his kite near a Hydro line, and it contacts a high-voltage circuit and carries death or injury to whoever is holding it. Sometimes a storm breaks down a line and someone takes hold of the broken, live wire with disastrous results. These are just examples of acts that are beyond the power of Hydro to prevent. Your Hydro can only warn of danger, and seek co-operation of parents and teachers and all who have influence with those who might expose themselves to that danger.

Hydro need never be a threat to anyone who:

1. Will not climb poles.
2. Will stay away from distribution lines and transformer stations;
3. Will keep away from fallen wires.

For your safety, in case of trouble immediately notify your nearest Hydro office. But never, never touch a fallen wire.

## DOWN THE CENTRE

By AB. HULSE

Chief news of the week on the North York sports front was the sudden, but not unexpected, withdrawal of Richmond Hill from the North York lacrosse league leaving a bad taste in everybody's mouth. The Hill boys were prime movers in getting the league started, used more players than any team in the league (though they came and went almost every game), and they drew good gates even though they were at the bottom of the heap.

The statement issued seems to lay the blame at the door of the players who "gradually dwindled away or else forgot there was a game." The players claim they were fed up because they couldn't pry loose the necessary bucks from those in charge of the purse strings to buy the equipment needed, such as shoulder pads, gloves and sticks, and perchance the odd bit of refreshment. Whatever the reason we do agree with the statement: "If the boys didn't want to play they should have never entered the league."

As it stands, the schedule will now have to be revamped, some of the clubs are going to lose needed gates, and those who do want to play lacrosse among the young Canadians, and there are quite a few, will be forced to sit on the sidelines the rest of the year. The pay-off came when after assuring the league of continuing, the Hill turned up at Maple with only four players, and with a large crowd on hand, a fiasco of a game resulted. Two referees made the trip to the Hill last week to referee a game only to find the rink closed and president Charlie Rowntree and everybody but the two competing teams in complete ignorance of the situation. A telephone call could have at least saved that much embarrassment. Saddest of all is that Weston, which wanted to enter the district league, was refused a franchise at the beginning of the season to keep the league compact. Now the teams will have to either obtain another entry or play exhibition games in their off moments.

Combines are already in contact with Midland to arrange a home and home series. Midland has a nice club which has been idle most of the year without O.L.A. grouping, awaiting the play-offs. Other teams will be secured so the district fans will not fare too badly.

Bill Norton, with three smart tallies, led Woodbridge to the top of the North York league as the southerners edged out Combines 7-6 in a close, hard-checking duel, that brought back memories of other years. Combines looked tired and were, for several of the boys are slugging it day in and day out on the widening of Yonge St. in the hot sun, and by game time, are a bit fagged. The two teams are as evenly matched as you'll see anywhere, and that can include Maple. Frankly we wouldn't want to make a book or lay any odds as to the ultimate winner.

Heo McKenzie, who used to play boxla for Alliston and Bradford in the old Tri-County circuit, is back in action again with Fergus Thistles in the intermediate O.L.A. circuit. Heo is still a mighty neat performer. Orangeville, once one of Canada's lacrosse hotbeds, is back in competition again, featuring two of the four Gillespie brothers and Hoare, who played junior hockey against Aurora in 1938.

If you hear a howl that really echoes within a few days, it'll be from the Richmond Hill intermediate lacrosse team and most of their supporters as they see the shekels they amassed turned over to back the Richmond Hill midget entry in the North York minor lacrosse league. The boys, including Charlie Ryan who is with the players, don't mind giving the

youngsters a hand but they object to paying the whole shot with quite a bit of justification, too.

When the Aurora kids start their season seems to be a mystery as yet, but that they will before fall is a certainty. Somehow or other, the powers that be just can't get in a huddle about it all. Accidents in lacrosse have so far not been too bad, a few cracked ribs, bruises, and a few cuts. Here is what Gene Dopp, secretary of the O.L.A. and past president of the C.L.A., says about it all as he recalls that a new type lacrosse stick encased in rubber was once thought the answer to doing away with cuts.

"The manufacturer sprang a finished model on us at an annual meeting a few years back and was so sure of acceptance he'd gone ahead with mass production plans," Gene relates. "The delegates, all old-timers, looked it over, tried it for weight and feel and then laughed it out." The extra weight and a suspected clumsiness in ball-handling were contributing factors, but the main reason the idea fell through was it just had no practical value, Gene added. You see, it isn't the hickory that does the damage. "The stick is a flat surface and when it whacks you it hurts all right, but that isn't what spills the blood," said Gene, now speaking from first hand, if far off, experience. "It's the bone under your own flesh that cuts the skin when anything is brought down on it." So keep your sticks up, fellows. There's no one to blame if you get hurt but yourself and the other fellow. Check with the family physician if you don't believe the facts are as Gene says.

George Stong, currently performing in the Hamilton senior circuit, took the mound the other night for Thornhill in a North Yonge softball fixture and handcuffed the North York A.C. boys from start to finish, Thornhill winning out 10-1. Stong used to hurl in the York-Simcoe league and is one of the best in senior ranks today. With Teddy Bennett, Nels Findlay and Stong, all of senior calibre, the Thornhill crew can really command mound strength and, of course, Harold Echlin, the veteran Hill player, still rates as the top catcher in these parts. Outside of the pitchers, Echlin, and a big fellow named Scott, the Thornhill team hasn't much to offer, but don't be surprised to see Tim Saul, Jimmy Crean, Steve Young and some of the other ex-Hill players in action before the series ends. Art Crean is another fair ball player on the Thornhill line-up but he hasn't been playing in every game. Apparently there are no residence or eligibility rules for the league except a player must get into league action before the play-offs start. It won't be long before some of the clubs start to holler about eligibility or it won't be an ordinary season.

Seems like old times to see Will White in action again for Aurora. Whitey is still a sweet fielder and a reliable hitter, and best of all, knows what he's going to do with the ball all the time. He hasn't slowed up much either, but then, that seems to be the case with most of the old timers, although say what they will I'm still from Missouri. If somebody tries to say the calibre of mushball is on a par with that of pre-war years. It's a shame to see so few young players being brought along. That's been the weakness for some years and until a minor softball series is started it'll continue so.

Chub Spencely, who played on defence for Herb Simpson's Ballantrae club last winter and was one of the most popular players in the league, broke an ankle a few weeks ago as he slipped

while performing for Claremont, which is leading the Pickering township softball league. Norman Stark, smart shortstop for Udonia in the North Ontario big apple league, lost four fingers in a mill accident recently. Udonia, incidentally, is leading the six-club league composed of Ontario Junior Farmers, Uxbridge, Mount Pleasant, Greenbank and Ashworth. The Udonia roster includes Moss McKnight, Norm Sherwood, Bruce Westgarth, Ed Malone, Enoch Bain, Bus Gordon, Bill Kennedy, Harold Morrison, N. Westgarth and Morley Bagshaw. They rate about on a par with the best in the Lake Simcoe league, according to those who've seen them play.

Clarkson Arnold, who was a tireless worker for Zephyr Blues, winners of the Aurora mercantile hockey league last year is the ace catcher for the Junior Farmers while Gordy Cain is a teammate in softball as he was in hockey.

Bill Thornton, former Aurora junior hockeyist, has his Tottenham club in front in the district intermediate softball league. This is not to be 'amoozed or confosed' with the South Simcoe softball league which fortunately is now ready for the play-offs with Cookstown, Fennell's Corners, Churchill and Stroud. It is a charming situation which can provide plenty of possibilities, but so long as the strong arm of that old smoothie Harry Couse is in good working order, it should be a cinch. That guy Couse is dynamite so far as we're concerned and sometime, before the end of the year, we hope to present maestro Couse for the benefit of Ace Yake and some of the rest and prove that he's as good as we believe he is.

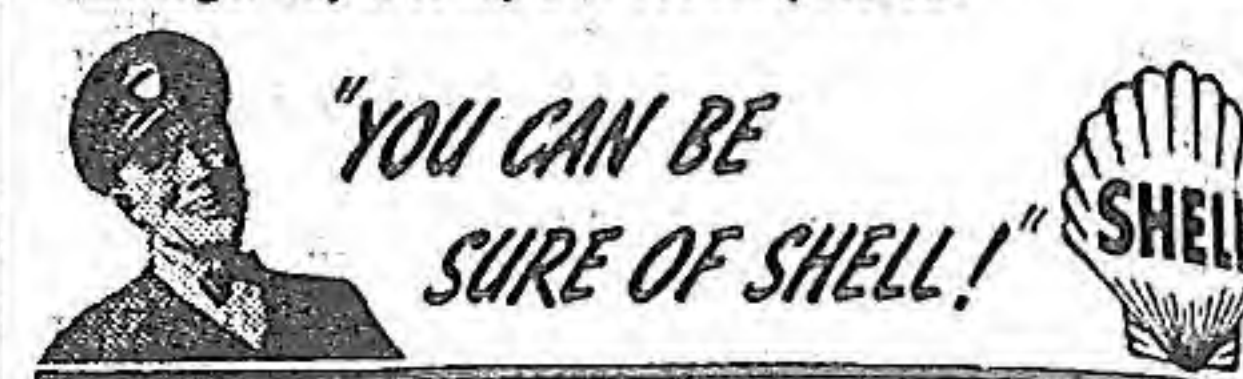

Up in Gravenhurst, our old palsy-walsy, Sam Scott, "Wid" brother of Bob Scott who once played hockey for Aurora, is performing at first base for Gravenhurst, which is entered in the O.S.A. intermediate play-downs. Sam, it will be recalled, refereed the Sundridge-Aurora series in hockey last winter. In (Page 7, Col. 4)

**MRS. J. A. THOMPSON PASSES IN BARRIE**

The death occurred in Barrie July 3 of Mrs. Janet A. Thompson in her 77th year. She had been a patient for some months at the Oddfellow and Rebecca Lodge, Barrie.

Mrs. Thompson was the eldest daughter of the late Mr. and Mrs. R. F. Seymour, former residents of the district. Mr. Seymour taught school at Kettleby many years. Mrs. Thompson's husband predeceased her 17 years ago.

Service was held at the Roadhouse and Rose Funeral parlors, Newmarket. Rev. J. A. Smith was in charge. Interment was made in Newmarket cemetery.

Pallbearers were Newton Seymour, Harry Crawford, John Morning and Mr. Parker.

Mrs. Thompson is survived by three sons and one daughter, Wilfred, Fort William, Norval and Frank, Munroe, Mich., and Edna (Mrs. Fane), Ocean Falls, B.C., a sister, Miss M. O. Seymour of Essex, and three brothers, Milton of Essex, Calvin of Windsor, and Newton of Toronto, and five grandchildren.

Mrs. John Morning, Snowball, is a sister-in-law.

the Gravenhurst town league, one of the better players is Don McDonald of Sutton West, who aside from hockey, curling and golf, is in control of the milky way up north.

Red Mahaffey, mate to "Cease Fire" Brown at Newmarket camp, and erstwhile member of the provost corps, is putting his southpaw offerings up this year for the guys in the Toronto industrial circuit. Adieu was bid this week to Doug Wagg, that likeable youngster (an overseas vet of four years), who performed at hockey and softball for Aurora R.C.O.C. Last winter, with the possible exception of McCarty Wagg was the most valuable player on the Aurora soldiers' club, and in improved company would have looked much better. In softball, while not the best fielder in sight, Wagg carried a trenchant bat that sounded out in bingles. Aside from that in the realm of galloping dominos, or at crib, the little smoothie had few superiors. Aurora will always have a warm spot in its heart for lads like Doug Wagg. Dry those tears, gals!

**SCOTT TOWNSHIP COUNCIL HAS \$17.35 BALANCE IN TREASURY**

Scott township council met as a court of revision to consider appeals against the 1946 assessment roll in the evening of Friday, July 5. An appeal of Reg. Willbee was taken up and assessment on the west half of lot 13, con. 2, was reduced by \$300. Arnot Harrison reported that the barn on the west quarter of lot 11, con. 2, had been removed and assessment was reduced by \$250 accordingly. A number of changes were made where parties had sold their properties since assessment was made.

After completing work as court of revision, the members met as council when regular council business was transacted. All members were present.

County Clerk Ruddy reported that the county levy is: general purposes, \$5,905.89; county home, \$715.87; county roads, \$4,086.89; suburban roads, \$208.30; schools, \$2,544.88.

The hydro contracts of Geo. Anderson, Ronald Ross and Robert Harwood were accepted.

Treasurer Kester presented a half-yearly report of the township finances as follows: receipts, \$8,220.80; balance from 1945, \$1,452.65; expenditures, \$9,656.10, leaving balance on hand \$17.35.

A by-law was passed putting into effect the agreement with Uxbridge township for maintenance of the townline.

Accounts passed: pay roll No. 7, labor on roads, \$207.20; Newt Thompson, tractor, \$280; Ivan Law, tractor, \$340; Wm. Hackner, truck, \$254; Stead's Store, gasoline and oils, \$125.83; James Peers, tile, \$9.80; W. Hackner, Jack and handle, \$16.50; James Smith, lumber, \$5; Ross Johnson, salary, \$83.30; Frank Thompson, wire fence bonus, \$18.40; Chas. Leitch, 1,572 yds. gravel, \$188.64; Ivan Law, truck, \$36; H. J. Pearson, salary as assessor, \$150; Walter Merrick, one sheep killed

by dogs, \$18.

County Weed Inspector Beare was in attendance at the meeting and addressed the council on matters of revised Weed Control act.

Council adjourned to meet on Friday evening, Aug. 3, when the year's estimates are being considered and it is desired all accounts be in hand.

### In Memoriam

Adams—In memory of Frank Adams, beloved husband of Emily J. Williams, who passed away July 13, 1945.

We cannot, Lord, Thy purpose see; But all is well that's done by Thee.

Ever remembered by his wife, daughter, Breta, and Bert.

Anderson—In loving memory of a dear father, John Anderson, who died July 7, 1946.

Not dead to us who loved him, Not lost, but gone before, He lives with us in memory And will forever more.

Ever remembered by son, Carl, wife and family.

Eves—In loving memory of William Eves, who passed away July 15, 1944.

His charming ways and smiling face Are a pleasure to recall He had a kindly word for each And died beloved by all.

Cameron, Verna and grandchildren.

Glover—In loving memory of a dear sister, Phyllis, who passed away July 21, 1945.

The depths of sorrow we cannot tell, Of the loss of one we loved so well And while she sleeps a peaceful sleep,

Her memory we will always keep. Ever remembered by Mildred, Henry and Doris.

Hoare—In fond and loving memory of my dear husband, Fred Hoare, who passed away July 10, 1943.

Remembrance is a golden chain Death tries to break but all in vain To have to love and then to part Is the greatest sorrow of one's heart.

The years may wipe out many things But this, they wipe out never The memory of those happy days When we were both together.

Ever remembered by his wife.

Hoare—In fond and loving memory of a dear father, Fred Hoare, who passed away July 10, 1943.

In our hearts your memory lingers, Sweetly tender, fond and true There is not a day, dear father, That we do not think of you.

Lovingly remembered by daughter, Phyllis, and Loftus.

Pickering—In loving memory of a dear husband and father, Chesley Pickering, who passed away July 15, 1942.

Time changes many things But love and memory ever clings Till memory fades and life departs, You live forever in our hearts.

Ever remembered by wife and sons, Austin and Keith.

Pickering—Memory wanders as shadows fall, Back to the happy days beyond recall, To a loving father, kind and true, One of the best—we still miss you.

Daughter Muriel, Harold and family.

Pickering—In loving memory of our father, Chesley Pickering, who passed away July 15, 1942.

There's a picture of Dad that's framed in my heart Which lies buried in treasure never to part For no time could efface this picture I see

Each day it grows dearer to me. Though Dad has crossed to the haven of rest Sweet memories of him are wrapped in my breast

No artist could paint a picture so fair Of my dear Dad there is none to compare With aching heart I shed many a silent tear

And all because we miss you, Dad, so dear. Ever remembered by Nina and Ches. Lunney.

Urquhart—In loving memory of a dear friend, George Urquhart, who died July 11, 1945.

He is gone but not forgotten, And as dawn's another year, In our lonely hours of thinking, Thoughts of him are always near.

Ever remembered by Mr. and Mrs. Carl Anderson and family.

LEASK - TAYLOR RITES IN TORONTO

A quiet wedding was solemnized in Cosburn Ave. United church, Toronto, on Saturday, June 22, by Rev. A. F. Binnington, when Miss Irma Nelson Taylor, daughter of the late W. H. ### LEE - ALDERSON RITES AT TRINITY

Trinity United church, Newmarket, was the scene of the wedding on June 8, in a setting of spring flowers, of Winnifred Alice, daughter of Mr. and Mrs. J. R. Lee, Newmarket, to Joseph, the son of Mrs. Thomas Alderson and the late Mr. Alderson, Newmarket. H. G. Fowler was organist and Miss Kathleen Wilson was soloist. Rev. Henry Cotton officiated.

Given in marriage by her father, the bride wore a white gown fashioned with a satin bodice and bouffant net skirt, fingertip veil caught by a heart-shaped headress, and carried a cascade bouquet of red roses and lilies-of-the-valley. Miss Rose Lee, sister of the bride, as maid of honor, wore a pink gown fashioned with brocade satin bodice and bouffant net skirt, long net gloves, shoulder-length veil and halo headress, and carried a bouquet of cream roses and blue cornflowers. Miss Jean Woodcock, and Miss Dorothy Lee, sister of the bride, as bridesmaids, were similarly attired.

Mr. James Snaddon was best man and Messrs. Robert Chadwick and Raymond Shier were ushers.

Following the ceremony, a reception was held at Trinity United church and later at the residence of the bride's parents on Vincent St. The bride's mother received in a grey dress, mauve-flowered hat and wore a corsage of mauve sweet peas, pansies and lilies-of-the-valley. The groom's mother assisted in a navy and white polka-dot, two-piece dress with navy accessories and wearing a corsage of pink roses.

For travelling on a motor trip through northern Ontario, the bride wore a green and white shepherd tweed suit with black accessories. They have taken up residence in Newmarket. Guests came from Calgary, Alberta; Toronto, Keswick and Stroud.

### ATTEND DINNER

The physician's hand writes the cryptic symbols that denote health and happiness for the patient.

But beyond that hand there must be other hands—skilled, educated, experienced hands—to convert those symbols into the active ingredients of a prescription.

Many leading physicians have chosen our help, hands, above all others, for this exacting task.

Proudly we invite you to join their distinguished company.
